

# MOVED TO SHARE

“I can’t begin to tell you...”

People often tell us that words alone cannot express their gratitude for the work we have done to help them, their family member or friend regain mobility, strength and independence. Their gratitude comes in many ways: kind words, heart-felt notes, pictures, financial contributions, and even homemade cookies. We especially love it when our former patients come back to visit and share their progress. Others become volunteers in order to give back. They are all moved in some way to express their appreciation.

MOVED TO SHARE provides three ways for you to express gratitude for exceptional care received here at Mary Free Bed.

## SHARE YOUR THANKS

Write a note to a Mary Free Bed team member whose compassion and service has made a difference. That individual will receive a thank you card with your personalized message.

## SHARE A GIFT

Rehabilitation is an essential part of recovery. We work with our patients to strengthen the mind, train the body, and inspire hope to achieve the best possible outcome. Your gift will help patients experience the restoration of hope and freedom. Simply enclose your gift in this self-mailer envelope and send it to us.

## SHARE YOUR STORY

If you are willing to share your story with the community, please write it here, enclosing an additional page if needed. Your words can encourage and inspire other people who face similar challenges.
