

with a *Mary* heart

Employee Giving Campaign

Mary Free Bed
Rehabilitation Hospital Foundation

You are the *heart and soul* of Mary Free Bed

Every day, our caring and compassionate staff members strive to meet Mary Free Bed's mission to restore hope and freedom through rehabilitation to our patients. Thanks to you, patients and their families experience your commitment to excellence in countless ways. Your colleagues do, too. That unique culture of care is meant to be shared. Supporting the Mary Free Bed Foundation's new *With a Mary Heart* Employee Giving Campaign is a wonderful way to do just that.

For the first time, an internal giving campaign allows you to make a contribution to the fund that most impacts or inspires you. Choosing to donate further demonstrates your commitment and is another way you can make a real difference, beyond your time and talents.

Every gift matters.

Your financial gift will support innovative patient care programs and services, and ensure rehabilitation is available to everyone. Any amount is welcome and appreciated.

You may designate where your 100-percent tax-deductible gift goes:

With a Mary Heart 2019 Featured Fund: Full Peds Ahead – An Initiative for Kids at Mary Free Bed

Full Peds Ahead will improve access to care and models of care for pediatric patients. This requires investments in evaluation and rehabilitation services, equipment and other critical needs essential for children with health and physical challenges. The initiative also will support new programs to treat children with autism spectrum disorders and chronic pain, and expand our cerebral palsy program.

Patient Assistance Fund

The Mary's Mission Fund assists patients with their greatest need, such as adaptive equipment, ramps for home accessibility and extended services. It also helps pay for caregiver training, travel needs and language interpretation as well as ensures patients receive the care they need to achieve the best possible outcome, regardless of insurance gaps or ability to pay.

Wheelchair & Adaptive Sports Fund

Playing adaptive sports gives adults and children the opportunity to share in the camaraderie and competition that playing sports provides. An essential element of Mary Free Bed's continuum of care, the Wheelchair & Adaptive Sports program serves people with disabilities through competitive teams, clinics, classes and events.

Employee-to-Employee Giving Fund

Sometimes we can use a little help from a friend. The Employee-to-Employee Giving program provides a limited financial gift to support employees through financial hardship, such as emergency housing issues, help paying utility bills and assistance when a family member is sick.

Incentives

To thank you for your generosity and for helping the Mary Free Bed Foundation create a culture of philanthropy, we offer the following incentives:
