

2020 SPINAL CORD INJURY SYMPOSIUM

Mary Free Bed[®]
Advisory Group

Virtual Symposium
Thursday, Oct. 1

OVERVIEW

People with spinal cord injuries and those who care for them want to achieve the best possible outcome and quality of life post-injury. This year's SCI Symposium brings together experts in the field to discuss key topics, including rehabilitation and ICU delirium, comorbid conditions and treatment techniques for dual diagnosis of spinal cord injury and acquired brain injury, bowel and bladder management and therapeutic approaches for respiratory management. The changes and challenges of auto no-fault reform will be presented from a legal and clinical perspective.

TARGET AUDIENCE

- Physicians
- Medical residents/students
- Nurses/Nurse Practitioners/Students
- Physician Assistants/Students
- Occupational, Physical, Recreational and Speech Therapists/Students
- Psychologists
- Social Workers
- Exercise Physiologists
- Rehabilitation Program Administrators
- Rehabilitation Specialists
- Case Managers
- Claims Specialists
- Attorneys
- SCI Survivors and Family Members
- Other Professionals Involved in SCI Care

OUTCOMES

Participants will be able to discuss issues with rehabilitation and ICU delirium as well as co-morbid conditions and treatment techniques for dual diagnosis of spinal cord injury and acquired brain injury. Attendees will be able to describe bowel and bladder management, and therapeutic approaches for respiratory management. They will be able to discuss the changes and challenges of auto no-fault reform from a legal and clinical perspective.

FACULTY

Julie Betzler, RN, BS, CCM, nurse case manager/president, SkyView CCM Rehabilitation Consulting

M. Kristi Henzel, M.D., Ph.D., assistant professor, Case Western Reserve University/MetroHealth, Department of Physical Medicine and Rehabilitation
