SPECTRUM HEALTH 

Overview

The 36th annual WMBIN symposium provides an overview of current practice guidelines and treatment strategies for people with acquired brain injuries in interdisciplinary rehabilitation, from acute management through extended social, psychiatric and functional adjustment to community settings with an emphasis on effective and validated interventions.

Target Audience

Case managers, nurses, nurse practitioners, occupational therapists, physical therapists, physicians, psychologists, rehabilitation program administrators, social workers, speech-language pathologists, students, therapeutic recreation specialists, brain injury survivors and family members

Outcomes

Attendees will be able to describe the need and rationale for developing and implementing telehealth interventions for post-acute brain injury rehabilitation as well as evidence-based strategies to formulate and facilitate remote group interventions. They will be able to explain neurobehavioral programming and discuss ways to implement this into their practice. Attendees also will be able to identify compassion fatigue in the professional caregiver and discuss strategies for avoiding and managing this common condition. Those in attendance will gain an understanding of the various professional perspectives of caring for those with a brain injury and management strategies to provide the best outcomes through the panel presentations and discussion.

Collaborators

- Hope Network Neuro Rehabilitation**
- Mary Free Bed Rehabilitation Hospital**
- Spectrum Health Neuro Rehabilitation**

The network provides comprehensive, coordinated rehabilitation services to people with brain injuries. These three organizations, each highly experienced in brain injury rehabilitation, have differentiated areas of specialty and together can serve people with brain injuries at any stage in their recovery process. One of the network's purposes is to assist with the continuing education of professionals working with people who have sustained brain injuries. The objective of the annual symposium is to provide in-depth knowledge of best practices, research and ideas shaping the delivery of brain injury rehabilitation services.

Disclosures

Planning Committee

The Planning Committee members do not have any relevant financial relationships or non-financial relationships to disclose

Speakers

Michael Andary, M.D., MS

Financial — Employed as a professor, Michigan State University College of Osteopathic Medicine, Department of Physical Medicine and Rehabilitation
Nonfinancial — No relevant nonfinancial relationship exists.

Dave Anders, MS, CCC-SLP, CBIST

Financial — Employed as clinic director, On With Life, Inc.; receiving honorarium
Nonfinancial — No relevant nonfinancial relationship exists.

Joe Haveman, BS

Financial – Employed as director of Government Relations, Hope Network
Nonfinancial — No relevant nonfinancial relationship exists.

Allison Logemann, PsyD, CBIS

Financial — Employed as a neuropsychologist, On With Life, Inc.; receiving honorarium
Nonfinancial — No relevant nonfinancial relationship exists.
