COURSE DESCRIPTION

The LSVT LOUD Training and Certification Course is a mix of online prerecorded learning and live, virtual interactive learning. The course is designed to train a voice/speech treatment technique for adults and children with motor speech disorders with a specialty in Parkinson's disease to speech-language pathologists and students.

The key treatment concepts, efficacy data supporting treatment outcomes (including neural imaging data), details of treatment exercises and functional tasks, virtual hands-on practice and practical considerations are taught. Application of LSVT LOUD to pediatric and adult patients with motor speech disorders (e.g., multiple sclerosis, cerebral palsy, stroke) will be discussed. This training is offered for 1.2 ASHA CEUs.

LEARNING OUTCOMES

- Outline the rationale for treatment in motor speech disorders
- Identify aspects of Parkinson's disease and their neural conditions and the impact they have on voice and speech
- Explain the rationale for using LSVT LOUD for Parkinson's disease and other adult or pediatric neurological conditions/disorders
- Describe key paradigm shifts in LSVT LOUD rationale and methods
- Discuss key elements of LSVT LOUD consistent with theories of motor learning and principals of neural plasticity
- Identify characteristics of adults and children who would most likely benefit from LSVT LOUD.
- Explain and demonstrate all aspects of LSVT LOUD, including daily exercises, speech hierarchy exercises and calibration
- Define recommendations for patients' long-term carryover of LSVT LOUD
- Explain the benefits of LSVT LOUD to physicians and other health care professionals
- Discuss strategies for insurance coverage for LSVT LOUD
- Outline the process for documenting LSVT LOUD treatment outcomes

WHAT COMES WITH LSVT LOUD TRAINING AND CERTIFICATION?

LSVT Global is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 1.2 ASHA CEUs (Advanced level; Professional area)

HOW DO I BECOME LSVT LOUD CERTIFIED?

1. Register for the live, virtual LSVT LOUD Training and Certification Course.
2. Read and accept the LSVT Clinical Practice agreements, sent via email upon registration.
3. Read and accept the attendance and cancellation policies.
4. Complete all pre and post-requisite course requirements and attend the two live, virtual sessions.
5. Complete Certification Exam with an 85% score required to pass.

The exam will be done in the post-requisite learning. You will complete the remaining online modules, then take the exam. If a participant does not pass the examination, there will be an opportunity to re-take the exam online at no additional cost.

- Pre-Knowledge Assessment
- Module 01: Introduction and Logistics
- Module 02: Review of voice in neurological disorders; LSVT LOUD essential concepts
- Module 03: Overview of Parkinson's disease; Voice and speech characteristics in PD
- Module 04: Demonstration of LSVT LOUD treatment sessions and recent LSVT research outcomes
- Module 06: Review
- Complete knowledge review questions for modules 01-06

POST-REQUISITES

Course access will open May 15 (immediately following live session) to complete the post-requisite learning that must be completed online no later than May 28. Approximately two hours of learning time.

- Module 13: Application of LSVT LOUD to adults and children with other neurological disorders
- Module 14: Launching, growing and leading with LSVT LOUD in your practice
- Complete knowledge review questions for modules 13-14
- Final Exam: 40 questions
- Course evaluation and Certification Directory Form

LSVT LOUD TRADEMARKS AND CERTIFICATION

The LSVT® trademark and other logos appearing within the LSVT Global website and on its literature are registered and unregistered trademarks of LSVT Global, Inc. Only individuals directly certified by LSVT Global, Inc., and who have attended an LSVT Training and Certification Course with specific training in the LSVT modalities of treatment for individuals with speech or movement disorders related to Parkinson's disease and other neurological disorders or conditions are entitled to use the LSVT trademarks. An individual who has attended a course and has received a certificate of LSVT training will be able to use the LSVT trademark to refer to himself or herself as "LSVT-trained clinician" so long as they retain active clinician status. Any non-sanctioned use is strictly prohibited.

LSVT LOUD CERTIFIED CLINICIAN WILL BE ABLE TO:

- Use the LSVT trademark to indicate he or she is an LSVT-trained and certified clinician.
- Use the efficacy data of LSVT LOUD to market and support reimbursement of the LSVT LOUD program.
- Enroll in the database of LSVT-trained clinicians for patient and physician referrals.
- Attend future LSVT LOUD training and certification courses for reduced fees.

LSVT CERTIFICATION RENEWAL

LSVT Certification requires renewal every two years to maintain active clinician status. The process of the LSVT Certification renewal involves the following steps:

- Complete the online LSVT renewal course (1-2 hours) for a fee of \$50.
- Provide updated contact information for patient referrals.

Note: Reattending a live or online LSVT Training and Certification Course is another option for renewal for clinicians seeking a more in-depth update (\$200 for entire course; renewal fee included).
