

MEET YOUR TEAM WORKERS' COMPENSATION

Mary Free Bed Rehabilitation offers a full continuum of interdisciplinary care for injured workers at every level of injury severity. Our workers' compensation specialists pair advanced clinical expertise with seamless collaboration across all stakeholders. This coordinated approach helps injured workers achieve optimal recovery and a meaningful return to function.

MARY FREE BED WORKERS' COMPENSATION STANDARDS OF PRACTICE

• RETURN TO WORK • COMMUNICATION • TEAMWORK

Stephanie Anderson, PT, DPT *VP of Business Development and Workers' Compensation*

Stephanie Anderson serves as vice president of business development – workers' compensation, leading Mary Free Bed's workers' compensation strategy in Michigan and nationwide. She oversees operational workflows, program development, referral growth and customer experience across the workers' compensation continuum. Stephanie also ensures accountability to Mary Free Bed's standards of care, supporting exceptional outcomes and a consistent, patient-focused experience for injured workers throughout the Mary Free Bed system.

Ami Bowen, PT, DPT *Workers' Compensation Clinical Liaison*

Ami Bowen, PT, is the workers' compensation clinical liaison at Mary Free Bed Rehabilitation. Ami serves as the single point of contact for both internal and external care teams, streamlining communication and coordination for injured workers. Her role is to ensure seamless transitions and collaborative care planning—helping patients, providers and claim teams work together toward the best possible recovery outcomes. With a strong foundation as a licensed physical therapist and deep experience in neuro rehabilitation, Ami brings a clinical lens to care coordination. Whether she's navigating complex cases or supporting care across the Mary Free Bed System, Ami is a trusted resource. She's committed to making recovery smoother, faster and more connected.

Travis DeKruyter *Business Development Manager: Auto and Workers' Compensation*

Travis DeKruyter serves as the physician liaison for auto and workers' compensation, working closely with teams across Mary Free Bed to connect injured workers with the services and programs that best support their recovery. He partners with stakeholders at every step, building strong relationships that create smoother, more accessible pathways to care. Through open communication and a commitment to shared goals, Travis collaborates with Mary Free Bed's external partners to ensure their insights and needs are clearly understood and thoughtfully integrated throughout the organization.
